■ **ENGLISH: Addendum to the user guide for
Nokia Wireless Stereo Headset (HS-12W) –
compatibility with the Nokia 8800 phone**

To benefit fully from the stereo audio quality of your Nokia Wireless Stereo Headset (HS-12W) with the Nokia 8800 phone, the phone must have the software version 3.94 or higher. To check the software version of your Nokia 8800 phone, enter *#0000# from your phone keypad.

If the software version of your Nokia 8800 phone is lower than 3.94, please contact your local dealer or Nokia Care contact center. You can check the list of local Nokia Care contact centers at www.nokia-asia.com.
